G2.15 WORKING AT NIGHT

G2.15.1 Occasional Night Work

- (a) If the Contractor determines that night work is required at any time, the Contractor shall comply with the requirements of General Specification for Environment Consideration and Protection, especially on clauses pertaining to noise and NEA's regulations, in addition to the following clauses:
 - (i) No work shall be done outside of the working hours specified in P2 without the written permission of the S.O.;
 - (ii) Should the Contractor need to carry out any night-work, written permission must be sought from the S.O., at least 2 weeks beforehand. If sufficient notice is not possible due to the urgent nature of the work, permission from the S.O. is still required; and
 - (iii) The Contractor is required to comply with all the Board's requirements for the execution of the night work.
- (b) In granting the permission to the Contractor, the S.O. may impose conditions to be complied with by the Contractor. The Contractor shall comply with the conditions, which shall include the following:
 - (i) The Contractor shall inform the residents in the immediate vicinity of the Works of the impending night work through letters or notices from the Board. The letters or notices shall be cleared by the S.O.;
 - (ii) The Contractor shall be responsible for distribution or circulation of such letters/notices to the residents, and also carry out other public relations tasks such as putting up signboards and posters, etc. and carry out door-to-door visits if necessary;
 - (iii) Senior members of the Contractor's Project Team must be present full-time on Site during the course of the night work and shall expeditiously handle all complaints/ feedback with regard to the night work; and
 - (iv) The Contractor's WSH Officer is to be present during the night work if required by the S.O. or under existing regulations.
- (c) The Contractor is to note that the abovementioned conditions are not exhaustive and shall depend on the nature of the night work. The Contractor is deemed to have included in his rates/prices for compliance with the above conditions and for all the other conditions that may be deemed necessary due to night work. No claim for additional payment for complying with the provisions of this Clause will be entertained by the Board.

G2.15.2 Extensive Night Work

- (a) If the Contractor considers that night work is needed for extended periods to deliver the Works on time, he shall submit a written request to the S.O. who will not unreasonably withhold permission subject to the terms of the Contract.
- (b) All of the requirements for occasional night work will apply, together with any additional requirements reasonably required by the S.O..
