G2.30 WARRANTIES AND GUARANTEES

G2.30.1 Overview

- (a) The Contractor shall warrant against any defects and furnish a guarantee by the manufacturer(s)/supplier(s) for the satisfactory performance for the specified period for all items of Plant, equipment or material provided under the Contract.
- (b) In general, the Works shall be warranted as defined in the PSSCoC.

G2.30.2 Extended Warranties and Guarantees

- (a) Selected items of Plant and equipment and other elements of the Permanent Works require warranties or guarantees to extend beyond expiration of the DLP. These are identified in Volume 1, Particular Conditions. Extended warranties/guarantees shall be in a written format to be approved by the S.O. with the Board named as the beneficiary.
- (b) The warranties and guarantees shall come into force from the respective date(s) of the Certificate(s) of Substantial Completion for the phase or part of the Works that include the relevant Plant, equipment or material. The Contractor and manufacturer(s)/supplier(s) shall warrant and guarantee the Plant, equipment or material is executed using good materials and with all due care and professional skill and further warrant that the Plant, equipment or materials will during the warranty period:
 - (i) Remain free of defects in design (where applicable), materials and workmanship;
 - (ii) Achieve under all operating conditions, the performance requirements as specified in the Specifications; and
 - (iii) Conform in all other respects to the requirements of the Specifications.
- (c) All extended warranties/guarantees shall be delivered to the S.O. two (2) weeks prior to the commencement of the respective warranty period.
- (d) Where and when defects and/or non-performance appears, the Contractor shall make good, remove or replace the affected Plant/equipment or material at his own cost and to the satisfaction of the S.O. within twenty-eight (28) days from the date of notification of any defect to the Contractor by the S.O. or otherwise as specified in the Contract, whichever is earlier.
- (e) If the Contractor refuses, neglects or fails to make good, remove or replace a defective and/or non-performing Plant, equipment or material for any reason whatsoever, within the above stated period, the Board will be entitled to engage others to make good the defects and/or non-performance and charge the costs thereof to the Contractor.
